Life Is On Schneider Electric

Data Center Expert

EcoStruxure IT Education Services, provides you with the latest training and knowledge, enabling you to maximize the use and benefits of your EcoStruxure IT software solution. The eLearning on-line training platform and self-paced courses allow you the flexibility to complete the training when and where you need, with an individual and dedicated training environment. Take advantage of a combination of written and illustrated, content, video demos and a range of useful information links to enhance your training experience. Maximizing your understanding through experiential learning.

Hands-on

Gain knowledge as you learn in your own dedicated environment.

Who should take this course:

This course is designed for software professionals who are new to Data Center Expert (DCE) or experienced EcoStruxure IT Software users or administrators requiring a refresh in their knowledge of DCE. The self-paced course module takes you through installation, configuration, and management of the software solution.

Experiential Learning

Gain the skills you need by using the actual software.

In this course you will:

- Gain an understanding of Data Center Expert functionality for Administrators & Users
- Learn how to install and configure Data Center Expert
- Learn how to setup and manage device monitoring and notifications.
- Learn how to download and manage device firmware updates and configurations.
- Learn how to setup and manage NetBotz™ integration for security surveillance.
- Learn how to use the browser-based monitoring and reporting interface.
- Provide guidance to additional and relevant sources of Data Center Expert information.

Increase Productivity Quickly

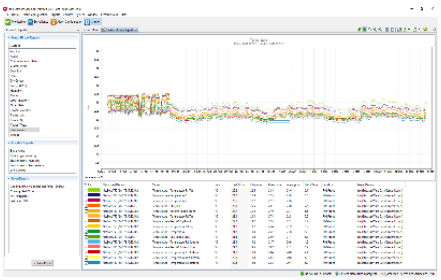

Easily update your skills or bring new people up-to-speed faster.

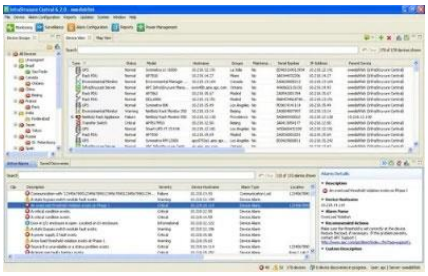

How to Order:

It's easy to order your EcoStruxure IT eLearning self-paced course module. Simply use the below course credit part number and description to order, with pricing available from your Schneider Electric representative or SE Partner. Provide your purchase order, along with your primary contact details including a valid email address for each student. Once your student account is activated on the eLearning platform you will receive a course invitation email and your good to go.

Be ready. Day 1

Prepare yourself & your team before you "go live", reducing operational risk & improving software utilisation.
