Life Is On Schneider Electric

PowerChute™ Network Shutdown

EcoStruxure IT Education Services, provides you with the latest training and knowledge, enabling you to maximize the use and benefits of your EcoStruxure IT software solution. The eLearning on-line training platform and self-paced courses allow you the flexibility to complete the training when and where you need, with an individual and dedicated training environment. Take advantage of a combination of written and illustrated, content, video demos and a range of useful information links to enhance your training experience. Maximizing your understanding through experiential learning.

Hands-on
Gain knowledge as you learn in your own dedicated environment.

Who should take this course:

This course is a complimentary release, designed for software professionals who are new to PowerChute™ Network Shutdown (PCNS) or experienced EcoStruxure IT Software users or administrators requiring a refresh in their knowledge of PowerChute™ Network Shutdown. The self-paced course module takes you through installation and configuration, along with troubleshooting techniques.

Experiential Learning
Gain the skills you need by using the actual software.

In this course you will:

- Gain an understanding of how PowerChute™ Network Shutdown works.
- Learn how to install and configure PowerChute™ Network Shutdown in your VMware, Nutanix & Hyper-V environments.
- Access troubleshooting recommendations during and after deployment

Increase Productivity Quickly
Easily update your skills or bring new people up-to-speed faster.
