Life Is On Schneider Electric

IT Advisor
Sustainability Dashboard

EcoStruxure IT Education Services, provides you with the latest training and knowledge, enabling you to maximize the use and benefits of your EcoStruxure IT software solution. The eLearning on-line training platform and self-paced courses allow you the flexibility to complete the training when and where you need, with an individual and dedicated training environment. Take advantage of a combination of written and illustrated, content, video demos and a range of useful information links to enhance your training experience. Maximizing your understanding through experiential learning.

Hands-on
Gain knowledge as you learn in your own dedicated environment.

Who should take this course:

This course is designed for software professionals who are new to IT Advisor Sustainability management or experienced EcoStruxure IT Software users or administrators requiring a refresh in their knowledge of IT Advisor technology. The self-paced course module takes you through understanding key sustainability dashboard configuration parameters and KPI measurements.

Experiential Learning
Gain the skills you need by using the actual software.

In this course you will:

- Gain an understanding of how-to setup and configure the dashboard.
- Undertake hands-on exercises and activities to enhance your understanding.
- Learn how to configure Water Usage Effectiveness (WUE) metric.
- Learn how to configure Power Usage Effectiveness (PUE) metric.
- Learn how to configure Carbon Usage Effectiveness (CUE) metric.
- Learn how to configure Renewable Energy Factor (REF) metric.
- Learn how to configure the Power Layout.
- Learn how to configure the Energy Systems.
- Learn how to locate and access additional Sustainability information sources.

Increase Productivity Quickly
Easily update your skills or bring new people up-to-speed faster.
