Regulatory Compliance Statements for the EAR FORCE Recon 50 Federal Communications Commission [FCC] Compliance Notices Class B Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase or separate the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: [1] This device may not cause harmful interference, and [2] this device must accept any interference received, including interference that may cause undesired operation.

Canadian ICES Statements

Canadian Department of Communications Radio Interference Regulations
This digital apparatus does not exceed the Class B limits for radio-noise emissions from a digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications. This Class B digital apparatus complies with Canadian ICES-003.

Règlement sur le brouillage radioélectrique du ministère des Communications

Cet appareil numerique respecte les limites de bruits radioelectriques visant les appareils numeriques de classe B prescrits dans le Règlement sur le brouillage radioélectrique du ministère des Communications du Canada. Cet appareil numerique de la Classe B est conforme à la norme NMB-003 du Canada.

European Union and European Fair Trade Association (EFTA) Regulatory Compliance

Declaration of Conformity

Marking by this symbol:

Indicates compliance with the Essential Requirements of the EMC Directive of the European Union (2014/30/EU). This equipment meets the following conformance standards:

Safety:
EN 60950-1: 2006 + A11: 2009 + A1: 2010 + A12: 2011 + A2: 2014
(T-Mark License), IEC 60950-1: 2005 (2nd Edition) + Am 1: 2009 + Am 2: 2013 (CB Scheme Report/Certified), EN 50332-1: 2000, EN 50332-2: 2003, EN 71-3: 2013
Also Licensed for Standards:
UL 60950-1: 2007 R10.14, CAN/CSA-C22.2 No. 60950-1-07 + A1: 2011 + A2: 2014

Additional licenses issued for specific countries available on request

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or
