

Supplier model (SKU):

IIC-215

Local storage	
Data collect in internal memory (Yes/No)	NO
Type of data collected in internal memory	Audio & Video
Data file format stored in internal memory	mp4
How often is the data collected (Frequency)	Real time collection
What is the the devices storarge capacity	No storage capacity, only TF capacity can be used
How much data is typically generated per day	50625M(1 million) 101250M(2 million)
How long is data stored by default	Delete the first part of the video when the recording is full

APP storage	
Data collect stored in APP (Yes/No)	YES
Type of data collected in APP	json
Data file format stored in APP	Need to be notified by Tuya
How often is the data collected (Frequency)	No data will be collected if the APP is not operated.
How much data is typically generated per day	No data will be collected if the APP is not operated.
How long is data stored by default	One week

Server storage	
Data collect stored in server (Yes/No)	YES
Type of data collected in server	Need to be notified by Tuya
Data file format stored in server	Need to be notified by Tuya
How often is the data collected (Frequency)	Real time collection(audio&video)
How much data is typically generated per day	50625M(1 million) 101250M(2 million)
How long is data stored by default	Need to be notified by Tuya

Real-time	
Can the product generate data continuously and in real time	Yes, data on status and changes are continuously updated in the app.
