

Pleiades Tecnología chooses HPE Private Cloud PC3000 to support growing business

Customer: Pleiades Tecnología
Industry: Computer software/services
Region: EMEA

Pleiades Tecnología sought to enhance its IT infrastructure, gain valuable data insights, and expedite application cycle times to effectively test and run demos for HPE partners and customers. HPE Private Cloud PC3000 with HPE Alletra dHCI emerged as the ideal solution to achieve these goals.

"HPE Alletra dHCI combines the advantages of HCI with the best storage arrays. Also, its disaggregated scalability is a huge plus point."

– **Carlos Dalia,** Presales Consultant, Pleiades Tecnología

Challenge

Pleiades Tecnología faced the challenges of optimizing its IT infrastructure, ensuring high performance, and maintaining data security. In addition, it needed a reliable and scalable solution to manage its growing business, streamline operations, and reduce downtime.

Solution

The company selected HPE Alletra dHCI to address these challenges and experienced significant benefits. HPE Alletra dHCI provided a robust, flexible IT infrastructure that enhanced performance and data security. Furthermore, the scalable solution enabled Pleiades Tecnología to manage growth, optimize operations, and minimize downtime efficiently.
