(EN) AC ADAPTER USB-C 65 W

Input voltage:	100 – 240 V~
AC input frequency:	50/60 Hz, 2 A Max
Output voltage and current:	USB-C (PD 3.0): 5.0 V= 3.0 A (15 W), 9.0 V= 3.0 A (27 W), 12.0 V= 3.0 A (36 W), 15.0 V= 3.0 A (45 W), 20.0 V= 3.25 A (65 W)
Output power:	Max: 65 W
Average operating efficiency:	90.5%
Protection:	OCP, OPP, OTP, OVP, SCP
Total cable length:	2.4 m
Color:	Black
Dimensions:	109 × 46.5 × 31.5 mm
Weight:	341.5 g

The ZA-01 USB-C 65 W is the perfect solution if your original power adapter has failed or if you simply need a second, universal charger. With a USB-C cable, you can use a single device to charge a wide range of electronics – from laptops and smartphones to tablets and gaming consoles. The built-in Power Delivery technology automatically adjusts the charging parameters to the connected device, ensuring maximum speed and complete safety. Its 65 W power output is enough to efficiently charge most laptop models at full speed.
