- Backed by a lifetime warranty

PRODUCT INFORMATION

OVERVIEW

The RAM® Skin™ for the Zebra ET401 10" 【254 mm】 (RAM-SKIN-ZE45) delivers reliable drop protection and seamless docking compatibility for demanding field environments. Designed specifically for the ET401 10" 【254 mm】 , this rugged boot allows the tablet to connect with existing RAM® Tough-Dock™ pogo pin docks made for the ET40/ET45, ensuring a consistent and efficient workflow. Its exposed backing supports a wide range of accessory integrations, including the GDS® Roto-Mag™ , Zebra Expansion Back, PowerPack Battery with rotating hand strap, Payment Backs, clips, and straps. This skin is compatible with the Zebra Single-slot charge-only cradle for ET4 Series. Built for durability and flexibility, the RAM® Skin™ keeps your device protected and ready for any task. Backed by a lifetime warranty for lasting confidence in the field.
